# President's Message

Dear Thomasian Family,

In 2024, the USTMAAA Foundation continued its unwavering commitment to our alma mater, the University of Santo Tomas Faculty of Medicine and Surgery, and its affiliated hospital. Your generosity fueled transformative initiatives that uplifted medical education and provided critical care to indigent patients.

From equipping the UST Medicine Simulation Center to funding life-saving cardiac procedures, our donors and volunteers have made a tangible impact.

This year, we faced the stark reality of UST Hospital's challenges—a declining patient census and outdated equipment threatening its legacy. Yet, through your support, we've taken bold steps toward revival, ensuring our hospital remains a beacon of excellence. Together, we are not just preserving a legacy but building a future where every Thomasian can thrive.

With gratitude,  
Maria Regina C. Flores, M.D.

# Executive Director's Message

Dear Fellow Alumni,

The year 2024 marked a pivotal chapter in our journey to restore the University of Santo Tomas Hospital to its premier status. Thanks to your generosity, the Foundation Endowment Fund is now over \$9 Million dollars from its original goal of \$1 million dollars established in 1990. Only the interest earned from this fund is used to support grants to benefit the school, its students, the UST Hospital Clinical Division and the indigent patients it serves.

USTMAAA Foundation is committed to improving the Census at the Clinical Division; Providing free medical/surgical care to indigent patients; Providing Teaching materials for students, interns, residents and fellows and attracting Thomasian graduates to take up internship and residency at STUH. The Foundation has NO OVERHEAD expenses. Since its inception, all administrative and office expenses, rent and secretarial are borne by the Executive Office, so all donations go to the endowment fund 100%.

To date, we have donated over \$19 million dollars towards various projects and infrastructure improvements thru various Class Legacies and Chapter Legacies.

Your contributions have been the heartbeat of these initiatives and more:

1. Medical Simulation Lab – donation of \$1M
2. Alaga at Tulong Tomasino – First-ever in-house Medical-Surgical Mission
3. Thomasian Alumni Center – donation of \$1.6M
4. St. Martin De Porres Indigency Trust Fund
5. Save A Heart and Save a Sight In-Hospital Mission
6. Grant-funded projects
7. St. Dominic Scholarship
8. Research Grants

As we look to 2025, we invite you to join us at the 33rd USTMAAA Grand Reunion and Clinical Convention in San Francisco, CA to celebrate our shared legacy and chart the path forward.

In service,  
Stella S. Evangelista, M.D., Executive Director

USTMAAA Foundation executed a \$1M deed of donation for the purchase of simulation equipment for UST's Saints Cosmas and Damian Center for Simulation and Research

The successful development of the Center for Simulation and Research was made possible through the collaborative efforts of USTMAAA Foundation and UST's Dean Lourdes Maglinao, MD.

State-of-the-art Saints Cosmas and Damian Center for Simulation Research.

# Ensuring Our Future

## The Saints Cosmas and Damian Center for Simulation and Research receives \$1M pledge from USTMAAA Foundation

In 2024, the USTMAAA Foundation proudly executed a \$1 million deed of donation to fund the state-of-the-art CME auditorium in UST's **Saints Cosmas and Damian Center for Simulation and Research**. The Memorandum of Agreement was signed by Dean Lourdes Maglinao, MD and the Foundation Board with name giving opportunities available for certain areas.

This transformative investment, part of our legacy for UST's 150th anniversary, empowers medical students, interns, and residents with hands-on training in a controlled environment. From virtual surgery modules to diagnostic ultrasound integration, the center equips future physicians with skills to excel in a rapidly evolving medical landscape.

This milestone builds on our 2022 commitment for the Simulation Center. By fostering innovation in medical education, we ensure that UST remains a leader in producing world-class healthcare professionals.

Along the with Simulation Lab, the building houses a state-of-the art auditorium dedicated to gatherings and continuing medical education. It will be permanently and irrevocably named as the **USTMAAA CME Auditorium**. Blessing took place on January 16, 2025, officiated by Rev. Fr. Rector Richard Ang, O.P. A wall of honor graces the center. This firmly establishes the legacy we have begun, and will continue to grow and thrive for generations to come.

# Alaga at Tulong Tomasino:

**F**rom January 9–13, **Alaga at Tulong Tomasino**, our first in-house medical-surgical mission offered life-changing medical and surgical care to more than 2,000 patients. The goal of this first In-house Medical Surgical Mission was to improve census and provide clinical exposure to students, interns and residents at USTH Clinical Division by providing FREE surgery, medical consultations and medications to indigent patients.

**Multi-Specialties Collaborate to Save Lives.** Held across UST Hospital, UST Campus Open Gym, St. John Paul Pay Hospital, and St. John Paul Eye Center, the mission, led by Rev. Fr. Richard Ang, O.P., Rev. Fr. Julius Factora, O.P., Dr. Charito Malong, and Dr. David Bolong, delivered critical care to 2,138 indigent patients while shaping future healthcare leaders.

**Compassion In Action.** The mission's success is attributed to the dedication of 799 volunteers—289 surgical and 510 medical—who brought expertise and compassion to every procedure and consultation. Vital support, supplies, equipment and access to care was provided by sponsors like the USTMAAA Foundation, Ohana Hawaii Medical Mission 2023 (\$15,000 donation for 2023), UST Class of 1974 (\$30,000 donation for 2024), and Titans USA (\$15,000 for 2023 mission), alongside PhilHealth and OR discounts.

**Education: A Cornerstone.** A January 9 Cardiovascular Symposium, led by Dr. Dionisio Yorro and Dr. Jose Evangelista, tackled topics like atrial fibrillation, while a January 13 Surgical Grand Rounds, moderated by Dr. Alex Erasmo, explored renal failure. Students—clerks, interns, residents, fellows, and allied health professionals—gained invaluable hands-on experience.

**A Mission of Healing and Hope.** Alaga at Tulong Tomasino was a triumph of care and collaboration. 2,138 indigent patients received consultations for conditions like cataracts, diabetes, and heart disease, with 141 undergoing surgeries such as cholecystectomies and cataract extractions. Over 600 left with eyeglasses, seeing the world anew. Three minor surgical complications were swiftly resolved, and patients received 2–4 weeks of medications with follow-up care at UST's Outpatient Department.

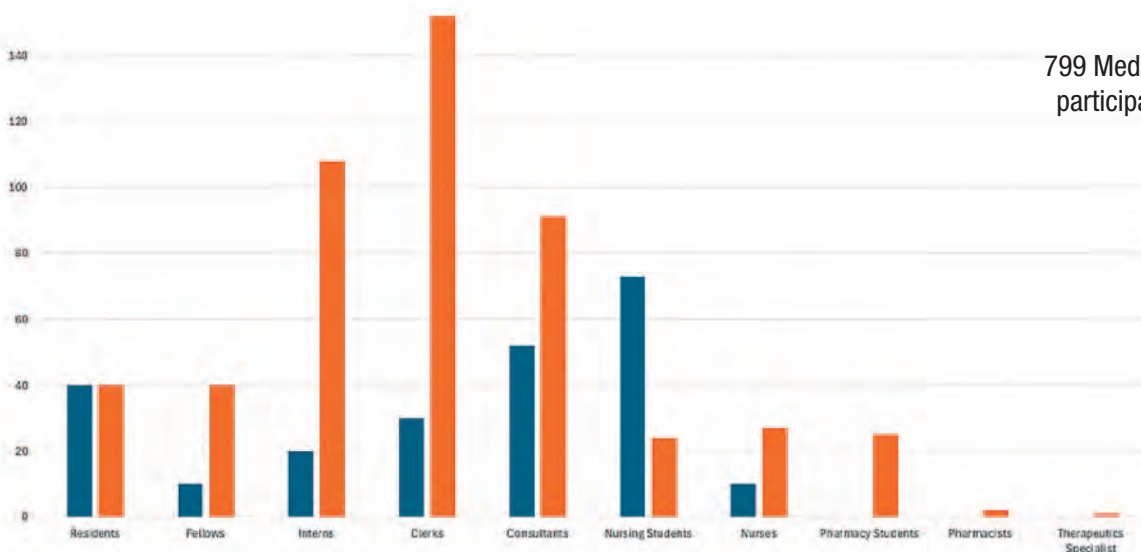

# A Medical-Surgical Mission Like No Other

**Looking Ahead.** Future missions can build on this success by scheduling during school terms, clarifying volunteer roles, securing supplies early, and streamlining surgical days to reduce fatigue. This mission's legacy—rooted in compassion and education—sets a powerful precedent for UST Charity Hospital's commitment to transforming lives.

799 Medical and Surgical volunteers participated in this landmark event.

**289 Surgical Volunteers**  
**510 Medical Volunteers**

In January 2023, the University of Santo Tomas (UST) Charity Hospital launched its first in-house medical mission, "Alaga at Tulong Tomasino," a five-day community health initiative participated in by at least 800 medical volunteers that changed the lives of more than 2,000 patients.

# Road to Recovery:

**A**s 2025 closes, the shadow of COVID-19 has receded, but its effects remain at the University of Santo Tomas Hospital (USTH) Clinical Division. The conversion to a dedicated COVID-19 facility and the subsequent return to full operations inflicted critical damage: patient admissions plummeted, learning opportunities for residents dwindled, and operating revenues fell short of rising costs. Once the center of clinical excellence and education, USTH now faced imminent demise.

In 2023, the UST Medical Alumni Association of America (USTMAAA), together with hospital administration and university leadership, launched a coordinated recovery effort. Our strategy combined compassionate purpose with strategic action: targeted fundraising, operational support, and investments that would restore access, rebuild services, and protect training programs.

Central to this effort was a simple premise: patient-centered care is the road to recovery. **We revived the St. Martin de Porres Indigency Trust Fund to ensure underserved patients could receive high-quality care at no cost.** By covering clinical and surgical expenses and by supporting competitive staff compensation, the fund removed barriers that had kept patients away and allowed residents to continue training at USTH.

Alongside patient support, USTH invested in brand new, state-of-the-art cardiac cath lab equipment, a new CT scanner and MRI machine. USTMAAAF donated ECHO equipment, video-laryngoscope, EKG machines, a LAP tower, as well as a portable X-ray machine for use in the USTH Clinical Division. This strengthens in-house services, reduces referrals out, and improves continuity of care.

**USTMAAA Foundation collaborated with hospital administration and University leadership to recover from the operational and financial challenges brought on by the pandemic.**

L-R. Dr. Alfonso Estrada, President USTMAAA, Dr. Jose Evangelista Founding Father USTMAAA, Dr. Stella Evangelista Executive Director USTMAAA Foundation, Rev. Fr Richard Ang, OP Rector Magnificus UST, Fr. Julius Factora, CEO UST Hospital, Dr. Zita Yorro, President-Elect USTMAAA, Dr. Dionisio Yorro Executive Director USTMAAA

# Hope and Healing at USTH

USTH's recovery journey demonstrates what alumni, clinicians, and leadership can achieve together. When strategic stewardship meets compassion, sustainable solutions follow — and with them, renewed hope and healing for the communities we serve.

To support ongoing recovery and training at USTH, learn more or donate through the USTMAAA—your continued partnership makes a measurable difference.

The St. Martin de Porres Indigency Trust Fund has raised over \$200,000 —transforming countless lives and helping restore patient volume.

These resources revitalized clinical activity, stabilized staffing, and preserved the educational mission of the Clinical Division.

---

**Patient-centered care is the road to recovery.** USTH and USTMAAAF invested in such improvements as ECHO equipment, video-laryngoscopes, EKG machines, a LAP tower, CT scanner, MRI and a portable X-ray, to name a few. These initiatives go a long way toward strengthening in-house services, reducing referrals out, and improving continuity of care.

Dr. Jose Evangelista and Dr. Dionisio Yorro shown here in the new, state-of-the-art cardiac cath lab with equipment purchased by USTH

# Founding Father's Message

Dear Fellow Thomasian,

As a proud alumnus of the University of Santo Tomas Faculty of Medicine and Surgery (USTFMS), you understand the enduring value of the exceptional medical education and training we received. Our time at USTFMS not only prepared us for our careers but also instilled within us a sense of commitment to excellence and a responsibility to give back to our community. We now have the opportunity to participate in a monumental endeavor that reflects our deep gratitude and ongoing commitment to our alma mater. ***Here's how you can make a difference:***

- **JOIN THE FATHER MIGUEL DE BENAVIDES SOCIETY:** We have introduced a new level of giving at \$200,000 and above. This is an opportunity for those who have achieved financial stability to showcase their generosity and gratitude for the education we received.
- **CONTINUE YOUR CONTRIBUTION:** For our valued donors, we encourage you to consider adding to your previous gifts. Contributions are cumulative, ensuring that every act of generosity further solidifies your legacy.
- **HONORING COMMITMENT:** This Wall of Honor will serve as an enduring testament to those who have participated in sustaining USTFMS's mission. It is a lasting acknowledgment of your support and commitment.
- **PERPETUAL IMPACT:** Managed in the United States by a reputable financial institution under USTMAAA Foundation board oversight, this endowment fund will exist in perpetuity, regulated as a 501(c)(3) organization by the Internal Revenue Service. The principal continues to grow while the interest generated at a conservative rate of 5% annually, will be used to fund our projects in perpetuity. Remarkably, 80% of this amount will benefit directly the USTFMS and the UST Hospital, with the remaining 20% going back to the principal for inflation and growth. Thus we are positioned to distribute at least \$400,000 or P22 million pesos each year, ensuring sustainability of our essential programs and services in perpetuity. Your generous involvement will ensure that the spirit of UST continues to thrive and that healthcare delivery in the Philippines, especially to marginalized communities, is continually improved. It's an opportunity to create a meaningful legacy that resonates well beyond our lifetime.
- **WALL OF HONOR:** As part of our broader goal to reach a \$10 million endowment fund—equivalent to 58 million pesos, the USTMAAA Foundation is upgrading the Wall of Honor Monument to include new donors. The monument will be permanently displayed in a prominent location at the USTFMS. **We hope to have the BLESSING of the monument by January 2026.**

We deeply appreciate your consideration and anticipated cooperation in this noble cause. Let us come together to honor the past, support the present, and secure the future of UST. ***Thank you for your steadfast support and commitment to this transformative initiative.***

Jose Evangelista, MD, FACC, FACA, FACP, FRCP  
Founding Father, USTMAAA; Co-Founder, USTMAAA Foundation  
Past President, USTMAAA and USTMAAA Foundation

**JOIN US IN BUILDING**

# A Legacy of Excellence

## **Our Mission in Action: Disaster Relief**

In response to the devastation caused by typhoons Dante and Emong, which recently submerged portions of the University of Santo Tomas (UST) campus and its hospital in severe flooding, the University of Santo Tomas Medical Alumni Association in America (USTMAAA), through its foundation arm, has extended a \$10,000 (approximately 550,000) donation for disaster relief.

The contribution comes at a critical time for the UST Hospital, which experienced major operational challenges following the typhoons. Floodwaters left medical staff and patients stranded, while the loss of electricity forced the hospital to rely on generator power. Food shortages for 700 hospital personnel and fuel scarcity for generators compounded the crisis.

"This is about taking care of our colleagues, our indigent patients, and the community that UST serves," said Dr. Stella Evangelista, Executive Director of the USTMAAA Foundation. "We hope the donation has enabled the hospital to fast-track recovery efforts and resume essential medical services."

USTMAAA expressed gratitude to its members for their swift support and encouraged other alumni and partners to contribute to the ongoing relief initiatives. Donations will help sustain the hospital's recovery and ensure its readiness for future emergencies.

**To make a tax-deductible donation, visit [USTMAAFAoundation.org](http://USTMAAFAoundation.org) to pay online or download a form to pay by check.**

**Please make your check payable to**  
USTMAAA FOUNDATION, TAX ID # 38-311-5938.  
Mail to: 7071 Orchard Lake Rd, Suite 333,  
West Bloomfield, MI 48322.

**You can also donate using your RMD or appreciated STOCKS.**

Please text 248-895-5224 for further instructions

**Please indicate where your donation will be directed to:**

- Wall of Honor Endowment Fund (Levels of Giving)
- Simulation Center (Levels of Giving)
- St. Martin De Porres Indigency Trust Fund
- In-House Med-Surg Mission
- St. Dominic's Scholarship
- Other

**Mission, Vision, Values.** The USTMAAA Foundation, a 501(c)(3) nonprofit, unites University of Santo Tomas (UST) Faculty of Medicine and Surgery graduates in the U.S. and Canada to establish a permanent endowment fund.

**Our Mission:** manage this fund in the U.S. using only interest income and investment earnings to support the charitable and educational initiatives of the UST Medical Alumni Association in America (USTMAAA). We fund the UST Faculty of Medicine and Surgery, UST Hospital, and its indigent patients.

**Our Vision:** ensure sustainable support for medical education and healthcare in the Philippines.

**Our Values**—integrity, compassion, and excellence—guide our commitment to a purpose beyond ourselves.

**The Vital Role of UST in the Philippines and in the World.** Founded in 1611, The University of Santo Tomas is the Philippines' oldest Catholic university, predating Harvard. A beacon of medical education, it weaves itself into the cultural fabric of the Philippines, training physicians who shape the nation's — and the world's — healthcare landscape.

**A Legacy of Excellence.** For over 400 years, UST's Faculty of Medicine and Surgery has set the standard for medical training. Its tradition of academic rigor and compassionate care inspires the USTMAAA Foundation's pursuit of enduring impact.

**A Greater Purpose.** The USTMAAA Foundation creates a lasting endowment to transform lives. By funding USTMAAA's projects, we empower future doctors and provide critical care to underserved patients, strengthening the Philippines' healthcare system for generations.

**Immediate Goals, Collective Impact.** Together, our alumni drive change through the endowment's earnings. We aim to:

- Boost patient census at UST Hospital's Clinical Division.
- Deliver free medical and surgical care to indigent patients.
- Supply teaching materials for students, interns, residents, and fellows.
- Attract Thomasian graduates to pursue internships and residencies at UST Hospital.

***Make a Difference. Contribute to our endowment, support transformative projects, and uphold UST's legacy. Act today—build a healthier future!***

# President's and Executive Director's Report

Presented by Foundation President Alfonso Q. Estrada, MD '75  
and Executive Director Stella S. Evangelista, MD'68.

## President's Report, May 25, 2024 | by USTMAAA Foundation President Alfonso Q. Estrada, MD '75

**Board Leadership and Updates.** We are pleased to welcome our new board members:

- Rene Lim
- Gie Taloma
- Antonio Ong
- Crispino Punzalan
- Victoria Fernando
- Prudencio Reyes
- Natividad Cruz
- Ed Osea
- Francisco Santiago
- Filemon Quinio

**President's Acknowledgments .** Dr. Alfonso Q. Estrada thanked the following: USTMAAA Board, Dr. Stella Evangelista, Past Presidents USTMAAA President Dr. Gregorio Tan Executive Director Dr. Gerardo Flores, Donors, UST FMS/Hospital collaborators: Dr. Maria Lourdes Maglinao, Dr. Charito Malong-Consolacion, Dr. David Bolong, Dr. William Olalia and Fr. Julius Factora.

### Notable Events During 2024 Presidential Tenure | Alfonso Q. Estrada, MD '75

- Resumed Tripartite Meeting with USTMAAAF, USTFMS, and USTH
- 2nd In-House Medical-Surgical Mission
- Meetings with the FMS Dean Maglinao and Annette Ward of Anargyroi Foundation
- Execution of Memorandum of Agreement and transfer of initial funding for the Henry Sy, Sr. Research & Simulation Center

**CME prior to mission on January 17, 2024.** The mission began with the CME session Beyond the Scrubs: Lecture Series, featuring two Zoom speakers: Mr. Glenn Krause on Electronic Medical Records, soon to be introduced at USTH, and Mr. John Williamson on AI in Medicine. It also included three presentations on US training opportunities: Dr. Joshua Beloy (Matching Program), Dr. Mark Henry Joven (trained in the US but returned to the Philippines), and Dr. Alfonso Estrada (retired in 2017, now teaching house staff). These topics were suggested by UST physicians.

## Executive Director's Report, 2023 - 2024 | by Executive Director Stella S. Evangelista, MD '68

**A DEED OF DONATION** was signed by the key officers of the USTMAAA and FOUNDATION who were involved in the Simulation Center fund-raising campaign. The Rector Magnificus, Rev. Fr. Richard Ang, signed on behalf of the University of Santo Tomas. The Dean of the USTFMS, Dr. Lourdes Maglinao and the Regent of the USTFMS, Fr. Angel Aparicio were also signatories and witnesses. One million dollars was pledged in 2023 and paid in full in 2024 for the Research and Simulation Center and in return we will be given naming rights to the **CME AUDITORIUM** and the names of the donors will be engraved on a plaque or Wall of Honor at the entrance of the auditorium.

**The FOUNDATION ENDOWMENT FUND** was transferred from Raymond James to JP Morgan Chase in Michigan. The amount transferred on January 22, 2024 was \$6,905,315.54. **A CASH MANAGEMENT ACCOUNT** was also opened at MERRILL LYNCH in the amount of \$1,500,000 earning 5% interest. \$500,000 was wired to the University of Santo Tomas as down payment towards our PLEDGE of \$1 million dollars for the Research and Simulation Center. See attached.

Organizers of the 2025 in-house medical surgical mission

**2ND IN-HOUSE MEDICAL SURGICAL MISSION** "Alaga at Tulong Tomasino" was held on January 17 – 20, 2024

**Funding.** USTMAAA Foundation released \$55,500 but only \$21,880.00 was used leaving a **fund balance of \$34,679.26.**

**Volunteers:** 60 Clerks, 46 Consultants, 64 Interns, 61 Residents, 19 Fellows, 85 Students, 39 Staff Nurses, 4 Faculty.

**Total Patients Treated:** 2,138

**Medical Consultations:** 1997 patients

**Surgical Cases:** 141

**Medications:** 2 – 4 weeks supply

**Glasses:** 650 glasses distributed

**Follow Up:** UST OPD , Clinical Division

# Our Impact in 2023 - 2025

Financial Performance • Organizational Goals and Focus

## 2024 In-House Medical-Surgical Mission

Expense Category	Amount (USD)	
Total Expense - Philippines	\$	21,880.00
Total Expense - USA (medications and supplies brought from US	\$	6,884.31
<b>Grand Total Expenses</b>	<b>\$</b>	<b>28,764.31</b>
<b>Breakdown:</b>		
1. STUH Hospital Expenses	\$	22,380.21
a. Surgery	\$	8,475.00
b. Eye Surgery	\$	3,207.61
c. Eye (Squint)	\$	500.00
d. Laboratories	\$	261.60
e. Medical Supplies	\$	728.54
f. Office Supplies	\$	1,576.18
g. Food for Volunteers	\$	7,631.27
2. Additional Expenses Incurred	\$	6,884.31
a. Medicines & IV Antibiotics	\$	3,109.03
b. MAP International	\$	1,076.28
c. Farewell Dinner	\$	2,696.00

### Original KRA Objectives for Medical Surgical Mission, “Curing While Teaching”

- Provide free and affordable surgical services to indigent patients.
- Strengthen collaboration between STUH, USTMAAA and other like-minded organizations
- Impact on the education of residents, interns and medical students.

### KRA Medical Surgical Mission

- 20 major surgeries/day for 3 days;
- <P5,000 for 10% of patients
- 80% satisfaction rate of mission participants
- zero balance for 70% of patients
- P10,000 for 10% of patients

### Mission Satisfaction Survey Results

- **Volunteer satisfaction:** 47% highly satisfied, 38% satisfied, 10% neutral
- **Patient satisfaction:** 100% highly satisfied, no complications.

### St. Martin de Porres Indigency Trust Fund

- **2023:** Approved \$35,000 for indigency, \$35,000 for second mission.
- **2023–2024:** Increased subsidized patients from 10 to 20/month.
- **2025:** \$5,000 donation from Clarisse Valera (for MariJo).

## Infrastructure and Equipment Donations

### Research and Simulation Center

- **2023:** Signed \$1,000,000 Deed of Donation
- **2024:** Donated \$1M toward USTMAAA CME Auditorium at the Saints Cosmas and Damian Center for Research and Simulation
- **January 16, 2025:** Blessed USTMAAA CME Auditorium (Fr. Richard Ang, Fr. Max Gatela); Dean Maglinao toured 7-floor center.

### Cardiac Catheterization Unit

- **February 2025:** Blessed unit, re-launched Save a Heart Program (Fr. Julius Factora, Dr. Wilson Tan De Guzman, and Dr. Mila Yamamoto).

# President's and Executive Director's Report

Presented by Foundation President Alfonso Q. Estrada, MD '75  
and Executive Director Stella S. Evangelista, MD'68.

## Infrastructure and Equipment Donations (continued)

### Equipment Donations

- **Portable X-ray Machine (2025):** Samsung unit, \$75,000 (50% discount, \$5,000 shipping/customs), subsidized by Dr. Rina Flores.
- **LAP Tower (2025):** Donated by Class 74, led by Dr. Ed Osea.

## Financial Management: USTMAAA Foundation Disbursements for 2025

1. St. Martin De Porres Indigency Trust Fund - Funding of hospital departments for indigent patients		
a. ACS (OPD)	\$	18,000.00
b. Internal Medicine	\$	30,000.00
c. Pediatrics	\$	15,000.00
d. Neurology	\$	10,000.00
e. Surgery	\$	60,000.00
f. OB	\$	75,000.00
g. Family Medicine	\$	10,000.00
2. In-House Medical-Surgical Mission v4 (Jan. 2026)	\$	30,000.00
3. Save A Heart	\$	10,000.00
4. Emergency Department / Purchase of Ultrasound	\$	25,000.00
5. Breast Cancer Screening	\$	5,500.00
6. JMUST Publication	\$	5,000.00
7. Purchase of POCUS/Breast Ultrasound equipment	\$	8,000.00
<b>Total</b>	<b>\$</b>	<b>301,500.00</b>
<b>ADD:</b>		
1. St. Dominic's Scholarship Fund	\$	25,000.00
2. Medical Mission	\$	5,000.00
3. Thomasian Village Xmas Gift Giving	\$	2,000.00
<b>Subtotal</b>	<b>\$</b>	<b>32,000.00</b>
<b>GRAND TOTAL</b>	<b>\$</b>	<b>333,500.00</b>
Directed donation (pass through) from Dr. Rina Flores for the purchase of Brain/Neuro Lab equipment for use in Neurology / Otolaryngology.	\$	180,000.00
Donation to USTH for disaster relief in the aftermath of the devastation caused by Typhoon Dante and Emong	\$	10,000.00
<b>TOTAL DISBURSEMENTS</b>	<b>\$</b>	<b>523,500.00</b>

# Our Impact in 2023 - 2025

USTMAAA Missions, Grants and Giving • Equipment Donations

## MISSION FEEDBACK AND REFLECTIONS

*The Medical-Surgical Mission was a wonderful opportunity for patients to have free medical and surgical interventions. I'm thankful for the USTMAAA, as they were very generous for sponsoring this event. As medical interns, part of our training involves projecting our efforts towards socio-environmental transformation with the goal of improving life for the individual, family, and community at large. This has opened my eyes to the fact that we have many avenues to help others and we need to utilize them. - Pamela Aquino, Post Graduate Intern*

*The mission helped me realize the weight of our vocation as Doctors. There is still a long way to go, there is more we must do. With the influx of patients for admission, it was an eye opener that we must strive to be better for our patients. - Nina Bolong, USTFMS Resident*

*It's heartening that there are people such the sponsors, managers, doctors, nurses in charge that work to make a difference.... medical-surgical mission projects should not be a novelty but a necessity in helping others to maintain a healthy lifestyle and increase their quality of life. - Corrine Reyes, USTFMS Resident*

*... It was a great opportunity for me doing surgery while being guided by my mentors throughout the procedure. It was a great boost in my confidence to do the same surgery the next time on my own. ... This mission gave our indigent patients a chance to receive quality medical and surgical care. On behalf of all the surgery residents, I am grateful to the UST Hospital, USTMAAA and all the sponsors for making it not just a possibility but lending their hands to make it happen. - Rona Dimatatac, USTFMS Resident*

*The surgery team brought so many happy faces to people in need. Many consultants also came and helped our senior residents with their cases. In TCVS, we scheduled many fistulas to help people in need of dialysis. I also had the opportunity to learn how to do anastomosis from our consultants and senior residents. - Danica Fajardo, USTFMS Resident*
